HOWARD TRIAL

Will Proceed at Frankfort at Present Term.

Little Difficulty Anticipated in Securing a Jury to Try the Case.

Frankfort, Ky., Jan. 8.—Jim Howard will be tried at this term of the Circuit Court for the murder of Governor Wm. Goebel. Judge Cantrill this afternoon overruled the motion of the defendant to continue the hearing and ordered that the trial proceed. The Commonwealth admitted that Howard's absent witnesses, if present would testify to the statements set forth in the affidavit which was submitted by the defendant's counsel this morning. This forced the defendant into a trial and the court ordered attachments for all Howard's witnesses who did not answer when their names were called. Nearly all the Commonwealth's witnesses are now here. Among them are F. Wharton Golden, who came from Colorado.

It is expected that it will require about twelve days to try Howard this time. Judge Thomas R. Gordon, of Louisville, and Mr. James Andrew Scott, of Frankfort, will be the prisoner's active attorneys. Attorneys of the local bar say they anticipate little difficulty in securing a jury to try Howard.

KICKED INTO POND

And the Victim Came Near Being Drowned.

Mr. Thomas Mimms, a farmer living near Trenton, was the victim of a very peculiar accident and one that came near proving fatal. He was walking around in his horse-lot, near a deep pond, when a mule galloped by and kicked him on the back of the head. Mr. Mimms was knocked senseless and fell in the water. The water being very cold it restored him to consciousness in a few seconds, or he would have drowned. While painfully hurt, he will recover.

SPECIAL ATTACHMENT

Against Property of Defendant in Addition to Divorce.

Tempe Murphy has filed suit for divorce from Wesley Murphy, charging abandonment. They have been married two years.

Plaintiff prays a decree of divorce and asks \$500 alimony for maintenance of herself and child. She further prays that a special attachment issue against the property of the defendant.

The parties are colored and live near Newstead.

DAWSON--BINNS.

Prominent People of Pee Dee Married Here Yesterday.

Mr. J. W. Dawson and Miss Daisy Binns, prominent young people of Pee Dee, were married at the residence of the officiating minister, Rev. J. L. Wyatt, pastor of the Presbyterian church here, at 3 o'clock p. m. yesterday. The couple immediately left for their home.

The bride is a daughter of Mr. Walter Binns.

VICTIM OF CONSUMPTION.

W. A. Cason Dies After Illness of Several Weeks.

W. A. Cason died at his home on North Liberty Wednesday morning, after an illness of several weeks, of consumption. He was about forty years old and leaves a family. The remains were interred in the Cason burying ground, near Salisbury Springs, yesterday.

SENATORIAL CAUCUS.

First One To Be Held To-night By Agreement.

Deboe Knocks Bradley Out of the Ring for Republican Nomination

Frankfort, Ky., Jan. 9.—By agreement of all the candidates, the Democratic caucus to make a nomination for United States Senator was held in the hall of the House of Representatives last night, as there was no probability of any of the candidates withdrawing, it was the consensus of opinion that no nomination could be made, and the caucus may drag along through the remainder of the entire week and longer, before the deadlock is broken.

The caucus to nominate two prison commissioners will not be held until the senatorship is settled.

Deboe downed ex Gov. Bradley in the empty honor of securing the nomination for Senator, being nominated by acclamation. Boreing withdrew by telegraph, when Bradley's name was withdrawn.

Both Houses adjourned Tuesday in honor of Jackson day.

Geo. W. Hickman, of McLean county, has announced himself as a candidate for Congress in the Second district. A. O. Stanley and W. R. Howell are also in the race.

Capt. W. T. Ellis, of Owensboro, is a candidate to succeed Judge Guffy in the court of Appeals.

There is an apparent disposition on the part of the Goebel reward commission to pay out no money for the conviction of Youtsey.

Mr. Watterson has requested a friend to prevent the mention of his name in the United States Senatorship caucus.

Judge W. E. Settle, of Bowling Green, is the only probable Democratic contestant for appellate Judgeship that Mr. Ellis will have to contend with.

SUPERVISORS IN SESSION.

Mr. J. H. Williams is Chairman of The Board.

The Board of Supervisors of the tax list for the year 1902 has been in session for several days and will adjourn next Thursday. The board is composed of the following gentlemen:

Mr. J. H. Williams was elected chairman of the board.

About a year ago Mr. Wade, while placing some railers on a barn, fell twenty feet to the ground, sustaining serious injuries. He never fully recovered from the fall. Since that time he had been gradually on the decline and a few months ago lung trouble developed, hastening his death.

He was a member of the Cumberland Presbyterian church.

BUYERS BUSY

And Contracts Being Signed Up Every Day.

Sales on the Breaks Will Probably be Resumed Next Week.

The weather during the past week has been most favorable for handling the weed and loose receipts have been unusually heavy.

Farmers are also pricing in some sections and hoghead receipts will soon begin to improve.

There were no sales on the breaks this week, but this branch of the tobacco business will probably be resumed next week.

There is still some old tobacco on hand to be disposed of, and this, together with new receipts, is expected to furnish stock sufficient for a good sale.

Loose buyers were never busier and contracts are being signed up every day.

Prices being paid are satisfactory, ranging from \$5 to \$7 around. There were some private cash sales this week at fair prices.

WESTERN BLIZZARD YARN.

Snowbirds so Thick as to Crowd Pedestrians.

From Bloomfield, Neb., comes the following story of the recent storm and blizzard: While the storm was at its height, the wind blowing a gale and snow flying thick, the streets, boulevards, sidewalks and porches suddenly became covered with small snowbirds. They were so little afraid that pedestrians were compelled to push them aside as they walked. The little fellows seemed to be so thoroughly chilled by the intense cold as to be unable to fly. Hundreds died of exposure. James Allemand, the story says, picked up more than 200 live birds and carried them into his residence, where he kept them until the storm had abated before setting them free. Many other residents did likewise and saved hundreds of the birds. After the snow melted thousands of dead birds covered the streets, while the living ones disappeared as suddenly as they had come.

ANOTHER

Device to Project a Shell Without Concussion.

Ordnance Department Test, Which May Lead to Its Purchase.

D. Pettigill, of Oakland, Cal., has invented a glycerine projectile which, if the claims of the "inventor" hold good, will prove of great importance. The mechanism of the invention is a secret and Pettigill is now negotiating with the United States government for the sale of the device. The matter will be considered by the Ordnance Department. The invention, Pettigill says, is a shell that will carry without the least concussion from 50 to 200 pounds of glycerine oil as far as the ordinary shell can be carried by ordinary ordnance. The concussion necessary to project this shell, he says, is by his device reflected by the sides of the shell so that the glycerine oil is not disturbed in the least.

HELP

Needed By Uncle Sam In His Great Work.

The Wonderful Growth Of The Rural Free Delivery necessitates it

The creation of another assistant postmaster generalship, to have charge of the free city and rural delivery service, is contemplated in a bill shortly to be introduced in the House by Representative Watson, of Indiana. The proposed legislation is the result of the vast growth of the rural free delivery service throughout the country, which, with the free delivery service in the cities, will involve an aggregate cost of more than \$30,000,000 during the next fiscal year. The free delivery service, which comprises both the city and rural delivery, now has about 3,175 employees distributed among a number of divisions. The new officer, if the bill shall pass will be the Fifth Assistant Postmaster General.

ASHES

To Be Scattered Over New York Bay.

Miss Dr. Phillips' Dying Request To Be Respected and Ashes Scattered.

Miss Hannah R. Phillips, the educator and physician, having requested it upon her death bed, her body has been cremated, and next Saturday, after a simple service on the decks of one of the Staten Island ferry boats, the ashes will be scattered upon the waters of New York bay.

Miss Phillips, who was fifty four years of age, was born in the West. For many years she was a teacher in the New York public schools. Afterwards she studied medicine and achieved prominence as a specialist, members of the Vanderbilt, Van Rensselaer, Van Cortlandt and Cutting families being numbered among her patients.

In late years men have made fortunes out of the tailing of gold mines. The mills in which ore formerly was crushed and the crude processes then in use allowed a large percentage of the precious metal to escape, and that loss amounted in some cases to a fortune. The stomach is just like a stamp mill in this respect, that when it is not in perfect order it allows the escape and waste of much of the precious nutriment contained in the food. That loss when continuous means the loss of man's greatest fortune—health. Science offers a remedy for this condition in Dr. Pierce's Golden Medical Discovery. It corrects the "weakness" of the stomach, prevents waste and loss of nutriment, and puts the stomach and organs of digestion and nutrition into a condition of health which enables them to save and assimilate all the nutriment contained in the food which is eaten. In all cases of constipation the use of Dr. Pierce's Pleasant Pellets will speedily and permanently cure the disease.

SPOONING

Proves to Be a Serious Thing At Fancy Ball

A Marriage En Masque For Fun And a Divorce May Follow

Miss Alice Rose, of Sedalia, O., became the unwilling bride of Andrew Parks, at Towanda, Pa., New Year's night as the result of an attempt to play a joke at a masquerade ball. Miss Rose, who was visiting friends in that section, was a guest at the ball, and Parks, who was present, expected his fiancée to wear a costume similar to that of Miss Rose.

He accordingly mistook the Ohio girl for his sweetheart, and when he began to say tender things Miss Rose quickly saw he had made a mistake, but in a spirit of fun led him on. Parks found himself getting along so amiably that he proposed immediate marriage in their masquerade costumes, and Miss Rose accepted with the stipulation that neither unmask until after the ceremony was completed. She relied on the fact that Towanda is in Pennsylvania, just across the State line, and a marriage license would accordingly be necessary.

The couple, retaining their masks, donned their garments and went to the house of a Methodist minister, arousing him from bed and stating their wants. He complied and proceeded to perform the ceremony. When he had gone far enough the bride suggested they had forgotten the marriage license, but the groom replied, "Oh, no! I got this yesterday," producing a paper from his pocket. With a cry she fell to the floor, but quickly recovered herself and declared that she must be released. The minister held the ceremony had gone far enough to make it binding, and the groom, when he found out the joke, was in a towering rage. It is thought a divorce action will be necessary in order to dissolve the bonds beyond a doubt.

W. L. Yancey, Paducah, Ky., writes: "I had a severe case of kidney disease and three of the best physicians in Southern Kentucky treated me without success. I was induced to try Foley's Kidney Cure. The first bottle gave immediate relief and three bottles cured me entirely. I gladly recommend this wonderful remedy. Take no substitute. All druggists."

KILLED

In The Presence of a Sheriff And Policeman.

James Hooker was shot three times at Adrain, Mich., by Bert Farrington and so badly wounded that he died. Mrs. Farrington, who had not lived with her husband for a number of months, was visiting at Hooker's home.

Accompanied by sheriff Shepherd and a policeman, Farrington went to the Hooker house about midnight. The party secured admission and went immediately to Hooker's bedroom. A match was struck and Farrington opened fire over the sheriff's shoulder as soon as he saw the couple in there together.

N. Jackson, Danville, Ill., writes: "My daughter had a severe attack of la grippe and a terrible cough settled on her lungs. We tried a great many remedies without giving relief. She tried Foley's Honey and Tar which cured her. She has never been troubled with a cough since." Sold by all druggists.

Coughing

It was a man up to die with a cough. I then began to use Ayer's Cherry Pectoral. I improved at once, and am now in good health."—Chas. F. Hart, Gibbstown, N. Y.

It's too risky, playing with your cough.

The first thing you know it will be down deep in your lungs and the play will be over. Begin early with Ayer's Cherry Pectoral and stop the cough.

Three stars, the enough for an ordinary case, but eight for a severe one. Send for a bottle, etc. (It must be genuine!) J. C. AYER & CO., Lowell, Mass.

WATTS-MASON.

Prominent Young Physician Takes Unto Himself a Wife.

Dr. Harry W. Watts, a prominent young physician, of Longview, and Miss Elizabeth E. Mason, daughter of Mrs. Louisa Mason, of the Square, were married Wednesday night at the home of the bride's mother.

Rev. Benton, of Louisville, performed the ceremony. Only a limited number of the closest friends of the young people witnessed the happy event.

The groom enjoys a wide popularity both socially and professionally and is a young man of fine attainments.

His bride is a lady possessed of such beauty, many accomplishments and is a social favorite in our Christian.

Remarkable Cure of Croup.

A LITTLE BOY'S LIFE SAVED. I have a few words to say regarding Chamberlain's Cough Remedy. I saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Rogers of Goodwin, S. D., and when he came home with it the poor baby could hardly breathe. I gave the medicine as directed over ten minutes until he "threw up" and then thought he was going to choke to death. We had to pull the plug out of his mouth in great strings. I am positive that if he had not got that bottle of cough medicine, my boy would be on earth to day.—JOSE. DEMOST, Iowa. For sale by all Drugists.

Her remains were taken to Clarksville for interment.

THE MESSAGE

Of Governor Beckham to The New Legislature.

Approves Many Things Done And Suggests Many to be Done.

The Kentucky legislature assembled in fifty-biennial session last Tuesday. The message was laid before the body in the afternoon. Following is a list of the things the Governor wants as well as what meets his approval:

Governor's Message in Brief. Urges retrenchment in expenditures to avoid increase in tax rate.

Reviews and approves work of State Board of Prison Commissioners.

Recommends thorough investigation and reform in expenditures for eleemosynary institutions.

Advises that these institutions be managed by a commission as the prisons are managed.

Suggests a law providing a system of uniform text books. Indorses appeal of State College at Lexington and State Normal School for Colored Persons at Frankfort for larger financial assistance.

Calls attention to recommendations of the head of the State Military Department.

Urges that localities be required to care for their own pauper idiots. Recommends an appropriation for new State buildings.

Wants a graduated license tax on business of nonresident corporations not paying franchise tax.

Approves suggestion of appropriation to enable the State to be represented at Louisiana Purchase Exposition.

A Good Recommendation.

"I have noticed that the sale on Chamberlain's Stomach & Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. "What better recommendation could any medicine have than for people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth, feel bilious, have no appetite or when troubled with constipation, and you are certain to be delighted with the prompt relief which they afford. For sale by all druggists."

FORMER RESIDENT.

Fulton Physician Comes to Christian Every Year.

"It is rumored that Dr. F. M. Usher has returned home from a visit in Hopkinsville, Ky., but we have not yet seen him. We suppose that he is indisposed from the effects of eating too much turkey. He told a friend that he ate thirty turkeys while away and we don't wonder at his illness. Dr. Usher has made a trip to Hopkinsville every year since 1860 to see his father and other relatives and has traveled over 5,000 miles to and from his father's place and Fulton. The Doctor is approaching the eighties but you can observe that he is still hale and hearty."—Fulton Ledger.

An Attack of Pneumonia Warded Off.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annotto Bay, Jamaica, West India Islands. "The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly ward off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For sale by all Druggists."

Two Married Men.

If you want to laugh go to Holman's Opera House next Wednesday evening, when Geo. Edson's successful comedy will be the attraction. In commenting on their appearance in Des Moines lately the Iowa Daily Capital says: "Two Married Men" were on exhibition at the Grand last evening and the view proved very satisfactory to the large audience present. This bright farce comedy of Geo. R. Edson's came here last season unheralded and unknown, comparatively, but took well and its success was duplicated last evening. While the first two acts are not boisterous, the third act makes up for any slow gaiting of its predecessors, and the specialties introduced through the evening add life and gaiety to the play. The dancing of the Myers sisters is especially creditable. "Two Married Men" is a diverting effort in fun making and took well last evening. It is to laugh and its object is well attained. "Two Married Men" is the bill at the Grand again this evening and it will doubtless draw another full house."

Peters Comedy Company.

The Peters Comedy Company played a good house last night presenting "A New Buffalo." During the performance there were many pleasant specialties introduced by different members of the company. The show is an up-to-date one and deserves a liberal patronage.

To-night "Pinnegan's Luck" will be presented and to-morrow night "Wanted A Papa."

It is safe to say that at to-morrow afternoon's matinee the opera house will be packed.

CITY COUNCIL

Meets, Hears The Address of The New Mayor,

Receives Reports of Retiring Officers, Appoints Committees. Ex-Mayor Dabney Speaks.

As announced in our last issue, the new City Council held an adjourned meeting last Tuesday night.

The meeting was called to order by the new Mayor, Col. Joubert Henry, who then delivered his inaugural address. His policy is conservative in some points and progressive in others, and is briefly outlined as follows:

He does not believe in an open and unreserved violation of the Sabbath or the existence of demoralizing vices, but an enforcement of law and order; the time has arrived when the city should not depend for its prosperity on the uncertainty of crops, but we should branch out, get out of the beaten track and seek and encourage capital, offer inducements for manufacturing plants; the public schools, being an important factor in our growth and advancement, should be fostered and kept up to their high standard; no halt made in opening up and developing streets; the city should own its own electric plant; extension of water mains so as to afford protection from fire to remote sections; wants an electric system of fire alarms and the maintenance of an adequate fire department; an increase in the police force; if, as he has been informed, the city furnishes about nine-tenths of the prisoners confined in the work-house and pays five-eighths of the expenses, deriving pecuniary benefits, then the city should work its prisoners on the streets.

The Mayor then announced the following standing committees: Finance and Purchasing—Galbreath, Whitlow, Duncan; street and sidewalks—West, Davis, Glas; Water and Lights—Whitlow, Galbreath, Jackson; Fire Department—Jackson, West, Glas; Cemetery—Davis, West, Galbreath; Building Permits—Duncan, Jackson, Glas; Grievances—Galbreath, Duncan, Whitlow; Workhouse—Davis.

The report of John T. Edmunds, retiring Treasurer, was received and adopted.

The bank balance of \$9,015.54 was transferred to A. W. Wood, the new Treasurer.

Annual report of B. J. Matthews, retiring chief of Police, was received and quietly given.

City Attorney Hanbery was directed to draw up appropriate resolutions of thanks to retiring Mayor Dabney. Mr. Dabney who has filled this office for a period of eight years, took the floor and in a short speech reviewed his administration. His remarks were highly fitting and elicited frequent applause.

A Board of Health was appointed, consisting of Messrs. E. B. Long, W. T. Tandy and R. E. Cooper. This is a new board and is very much needed to insure a good sanitary condition of the city.

Section 20 and sub section 2, general ordinances, were suspended.

These sections were intended to enforce the closing of saloons at 11 o'clock.

Resolutions of Respect.

The following resolution was passed by the Hopkinsville Tobacco Board of Trade of Hopkinsville: Whereas the Tobacco Board of Trade, of Hopkinsville, have learned with profound sorrow of the death of Mrs. D. F. Smithson, wife of our esteemed inspector, D. F. Smithson, therefore be it

Resolved, That we extend to Mr. Smithson our heart felt sympathy in his dark hour of bereavement and affliction. That this Board of Trade extend the funeral services in a body. That these resolutions be spread on the records of the Board, and published in the local papers, and that a copy thereof be delivered to Mr. Smithson.

CONGRESSMAN OGDEN SAYS:

"For those who need a good catarrh medicine I know of nothing better than Peruna."

Congressman Henry W. Ogden, of Louisiana.

Due to catarrh of the kidneys. Catarrh of the bladder is a common disease, and is rapidly becoming more and more common. It produces the host of distressing symptoms which follow bladder disease. In short, all urinary and pelvic organs are subject to catarrh, and catarrh is more frequently the cause of disease of these organs than all other causes combined.

Mr. J. Edward Williams, of Lebanon, O., Box 438, was cured of systemic catarrh by Peruna. Systemic catarrh is that condition in which catarrh has permeated the whole system. Mr. Williams says: "I can conscientiously recommend your Peruna as a fine tonic and all round good medicine to those who are in need of a catarrh remedy. For those who need a good catarrh medicine I know of nothing better."

Mr. Virgil Rowles, Fulton, Oswego county, N. Y., writes: "I am an old soldier, and have doctored with five different doctors for stomach trouble for three years. I could get no help. I took your Peruna and now feel like a new man. I can recommend it to anyone suffering with catarrh of the stomach. A great many people want to know what I took that helped me so much. I tell them it was Peruna. One year ago I could hardly do anything and only weighed 100 pounds. Now I weigh 140 and cannot say too much for your medicine, as it has done me so much good."

So many people think catarrh affects the head only. This is a great mistake. The stomach is liable to catarrh. The kidneys are also very liable to catarrh, producing all the symptoms of kidney disease. Most cases of weak back are

The sale of seats for Bob Tay-
lor's lecture here, Jan. 16, goes mer-
rily on, and there is no question
about every available space being
taken on this occasion. As an im-
personator of character Bob Tay-
lor has no superior. With the ver-
satility of his genius he portrays
the customs and oddities of a peo-
ple who built a civilization which is
now only a distant and tender
memory. On the wings of his oratory
and the tide of his songs he carries
you back to the days when the
darkies sang in the cotton
fields and the "birds and ladies" of
the plantation, mounted on their
thoroughbreds, mingled their
shots with the music of the run-
ning hounds in the joyous chase.

The Spirit of Winter.

The spirit of winter is with us,
making its presence known in many
different ways—sometimes by
cheery, sunshine and glistening
snows, and sometimes by driving
winds and blinding storms. To
many people it seems to take a de-
light in making bad things worse,
for rheumatism twists harder,
twinges sharper, catarrh becomes
more annoying, and the many
symptoms of scrofula are developed
and aggravated. There is not
much poetry in this, but there is
truth, and it is a wonder that more
people don't get rid of these ail-
ments. The medicine that cures
them—Hood's Sarsaparilla—is eas-
ily obtained and there is abundant
proof that its cures are radical and
permanent.
